WATERBURY CENTER

Announcement of fall church activities is made in a folder entitled, "Look Inside," just issued by Rev. J. G. Salis.

Mrs. Martha Graves has been away a few days visiting relatives in Colby, Maine and Waterbury.

Elmer Towne and wife, who have for some time been living in Virginia, are now at Belvidere, N. J.

Mrs. George Hunter, who has been

ill with cancer for some time, passed away in the early hours of Monday morning. The funeral was held at 1 o'clock in the Baptist church at 1 o'clock.

Localized Bashfulness.

Little Mildred's pretty hair had been cut in the prevailing style—bobbed, in short—and she felt rather sensitive about her appearance. When her father came home and gazed at her she said shyly, "Please, daddy, don't look at me. I feel so bashful in the back of my neck."—Boston Transcript.

PROCTOR CALLS FOR HARMONY

To the End That Vermont May Gain Much Benefit

PLEDGES BEST EFFORT TO STATE

Addressed Republican State Convention at Burlington To-day

Burlington, Oct. 3.—Addressing the Republican state convention here to-day, Redfield Proctor of Proctor, Republican candidate for governor of Vermont, bespoke harmony and co-operation during the coming administration and the legislature. Mr. Proctor's remarks were as follows:

"Mr. Chairman and members of the Republican state convention: "We are here as the chosen candidates of our party to express our ideas as to what, if elected, we should do to insure the best management of the public affairs of the state.

"Because of the large predominance of the members of our party in the electorate of the state, it is reasonable to expect that most of us will be elected to the offices for which we have been chosen as candidates. The very fact of that large predominance of our party and its practically continuous control of the governmental affairs of the state places upon us a peculiar moral obligation to render a good stewardship.

"Custom requires that the party should publish a statement of what it favors and what it promises to do, if the affairs of government are entrusted to it for the next administrative period. I feel very strongly that this is not a time or occasion for verbiage. Glittering generalities are not wanted and will not be accepted. It is not necessary for us to enlarge on the wonderful record of our party either in the nation or state.

"It is seemly and proper, however, that we should express briefly our feeling regarding the more important state affairs, indicating some of the greater and more drastic changes which we think should be made and suggesting certain lines along which we believe there is need of improvement. To-day we have too many rather than too few laws; too much, rather than too little government. We have traveled far from the simplicity of our forefathers. Let us for a time profit by their precepts and examples.

"Few public documents have been more misused and distorted than party campaign platforms and it seems to me important that on this occasion we should be brief, definite and sincere. Let us not pledge ourselves to do a lot of things which it is either not our business to do, or which we practically know it is quite impossible for us to do.

"The membership of this convention

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups and saves about \$2. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, looseness and bronchial asthma, there is nothing better.

Mothers in a Like Situation Should Read This Letter from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors and all said the same—an operation. At first I only felt the pain on my left side, but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that line of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sensitive Wash to all."—**Mrs. MARY ENRICO**, 453 N. Carpenter St., Chicago.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Enrico it may bring to you.
